

**ECEn 662R - Electromagnetic Properties of Materials**

**Fall 2012**

**Homework 2**

All problems come from *Introduction to the Physics and Chemistry of Materials* by Robert J. Naumann unless otherwise specified.

1. Chapter 3 Problem 1.
2. Chapter 3 Problem 2.
3. Chapter 3 Problem 3.
4. Chapter 3 Problem 4.
5. Please tell me about your general experience with this homework. Too easy, too hard? Interesting? Does it help you review the material?
