

Programming Quiz 1

Instructions

- You have 50 minutes to complete the exam. It will close at 8:55 am.
- You **may** use one page (front and back) of notes.
- You **may not** look at another persons exam or ask them for help, but you may of course ask clarifying questions to Dr. Tree or the TAs.
- You need a computer to complete this exam. You may use either the lab computer or your own computer, but you may not use a handheld calculator.
- You may use scratch paper, but it will not be accepted for credit.
- Certain questions require that you submit an Excel workbook (*.xlsx) and/or a Python (*.py) file.
- **Save often!**
- **Make sure that you turn in the correct files!**

Contents

- 6 Qualitative Questions (18 pts)
- 5 Quantitative Questions (30 pts)
- Turn in your files (2 pts)
