Homework Grading Information:

- Homework is due by midnight on the due date.
- Homework will be returned in the drop boxes outside the ME Offices.
Please pick up your homework on a regular basis.
- ***Late homework will not be accepted.*** Any extenuating circumstances should be discussed with ***the grader***, preferably before the due date.
- Label each homework assignment with the HW#, your name, and your number in the class roll provided by Professor Soloviev:

ME340	HW #1	First Name Family Name	#
-------	-------	------------------------	---

- Label the homework problem and which homework set it is a part of. Please staple each homework assignment together.
- Homework grading will be based upon the correct answer as well as your methodology to get the answer. To receive full credit, clearly show all work in a neat and organized manner. Clearly identify or box your answer.
- Homework will be weighted according to how many class periods it covers. For example a homework assignment that covers one day will be worth 100 points, an assignment covering two days will be worth 200 points, an assignment covering three days will be worth 300 points.
- There are 3700 total homework points possible.
- One assignment worth up to 300 points will be “dropped”:
300 additional points will be given to every student.
